

Client Agreement For Investments

1. The Financial Conduct Authority (FCA)

The FCA is the independent watchdog that regulates financial services. This document is designed by the FCA to be given to consumers considering buying certain financial products. You need to read this important document. It explains the service you are being offered and how you will pay for it.

2. Which service will we provide you with?

- Independent advice** – We will advise and make a recommendation for you after we have assessed your needs. Our recommendation will assess a sufficient range of financial instruments available on the market which must be sufficiently diverse with regard to their type and issuers or product providers to ensure your investment objectives can be suitably met.
- Restricted advice** – We will advise and make a recommendation for you after we have assessed your needs, but only offer advice on limited types of products, or products from one company or a limited number of companies
- No advice** – You will not receive advice or a recommendation from us. We may ask questions to narrow down the selection of products that we will provide details on. You will then need to make your own choice about how to proceed.

3. a) What will you have to pay us for our services?

You will pay for our services on the basis of an **adviser charge or fee or commission**. We will discuss your payment options with you and answer any questions you have. **We will not charge you until we have agreed with you how we are to be paid. The cost of advice and examples are given below.**

Adviser Charge

Service	Initial Adviser Charge	Ongoing Charge for Annual Review	
Financial Advice with or without Policy Arrangement and Implementation – Lumps Sum Investments or Transfers or Regular Premiums	For single premium investments or transfers:		
	Up to	£150,000	3% of investment
	+ On the Next	£150,000	2% of investment
	+ Thereafter	£300,000	1% of investment
	Same percentage can apply to regular premium investments where these are being made at the same time as a single premium is being set up. For example, a single premium of £10,000 means a £300 charge, plus if you also invested £750 per month, an additional charge of £15 is made per month. Stand-alone Regular Premiums are subject to a minimum £750.		
		0.5% Minimum £750.00 Ad hoc review minimum £750.00	

Examples of these services could be as follows:

- **Financial Advice (With or Without Policy Arrangement and Implementation)**

This service is where we provide advice on financial planning matters, specifically taking retirement benefits or income planning taking account of individual taxation and other assets, estate planning including inheritance tax mitigation, pension transfers, including occupational pension analysis, and long-term care provision, all of which demand a specialised and time-intensive approach and often complex research. Investment advice is also available, either from us, or using the services of a Discretionary Fund Manager. We would usually look at (as a minimum):

- The ongoing suitability of the managed portfolio for your objectives
- Your appetite for investment risk and the risk profile of the portfolio
- Use of your annual tax allowances and exemptions
- How the investments are performing and whether performance is meeting expectations

- **Review Service:**

This is where we review your circumstances and financial arrangements, including a review of (but not necessarily limited to):

- The ongoing suitability of the current investments and whether they meet your objectives
- Your appetite for investment risk and the risk profile of the investments
- How the investments are performing and whether performance is meeting expectations
- Use of your annual tax allowances and exemptions
- Assistance with other financial paperwork where possible
- Face to face meeting with an adviser (at least once each year where we have agreed annual reviews)

Adviser Charge Examples:

You invest £100,000 into unit trusts/OEICs and require the review service annually.

The initial adviser charge will be 3% of the £100,000 invested, i.e. £3,000. The ongoing charge will be 0.5% of the value of the fund every year, i.e. roughly £500 each year, however please note the actual charge will vary as the value of your portfolio fluctuates.

You invest £300,000 into a Lifetime Annuity (such products are not normally reviewed once set up as they cannot change).

The initial adviser charge will be 3% of the first £150,000 of the fund value, plus 2% of £150,000. The overall adviser charge will therefore be 2.5 %, i.e. £7500.

You transfer pensions totalling £500,000 and require the review service annually.

The initial advice charge will be 3% of the first £150,000 invested, plus 2% of the next £150,000 and 1% of £200,000. The adviser charge overall will therefore be 1.9% i.e., £9,500. The ongoing charge will be 0.5% of the value of the investment every year, i.e. roughly £2,500 each year, however please note the actual charge will vary as the value of your portfolio fluctuates.

i) Fee

A fixed fee amount can be agreed between the adviser and client. This will depend on the complexity of the case, the time it will require and whether we will have to call upon further expertise in order to research, review, and compile a solution. The fee will be agreed with you before any work is carried out.

Regular Contribution Savings or Investments

Our charge for implementing a regular contribution savings or investment plan is a minimum of £750 and we will issue an Invoice within 7 days of your investment plan going live. You can pay this under either of the two options listed below:

Option 1

You can pay our fee directly on receipt of the invoice. If you choose this option, payment is required in full within 14 days of issue.

Option 2

You can pay our fee through your policy. The payment will be deducted proportionally from each monthly contribution and it normally needs to be paid in full within the first 12 months of your plan. The deductions are limited to a maximum of 100% of each monthly contribution.

For example: If your total fee was £800, and your monthly contribution is £200, the fee could be collected by deducting £200 from each monthly contribution for the first 4 months with nothing invested in your plan. The full fee of £800 will have then been paid and therefore no further adviser charges will be applied.

Should you decide to pay this charge through your policy and payments to the policy subsequently cease, we will calculate the total payments received to date and charge you the balance.

For example, if you invest £800pm, we will deduct £200.00 from each monthly contribution for the first 4 months. Should payments cease after month 1 (and only £200 has been collected) the difference between this and agreed fee of £800 would be charged i.e. £600.

ii) Commission

Where we recommend non-regulated products and services such as life cover, we may receive a commission from the provider. The amount of commission we are to receive will be confirmed in writing prior to your application.

b) Your Payment Options

Settling your adviser charge in a single payment

Adviser Charge: We will arrange payment of our adviser charge from your investment amount through the provider of the recommended investment product.

Fee Work: The agreed fee will become payable upon completion of our work, whether you subsequently act upon our recommendations or not. You may be asked for an initial down payment before work is started. You will not be charged any more than the amount agreed, unless we subsequently agree with you that the cost of our work is going to be higher than originally estimated. Cheque or BACs payment can be accepted.

Settling your adviser charge in instalment: It may be possible to pay your fee by instalment. The amount and terms would be agreed with you before we undertook any work for you. Please see above under regular contribution for an example of how this could be collected.

c) Payment for ongoing services

Reviews can be requested and paid for on an ad hoc basis, or if we have arranged to offer you a review each year our charge will be payable annually (providers may deduct this monthly, please refer to your personalised illustration).

We can usually arrange payment of the agreed adviser charge or fee for the review service from your investments through the investment provider. Alternatively, you can pay the cost directly to us by cheque or BACs.

The review service can be cancelled at any time by written request.
